**Subject:** RE: Status of One-Pager on Exide for Upcoming Administrator Meeting with Los Angeles County Supervisor Hilda Solis

Oops, yep I've been on it – didn't hear back from anyone even though Enrique had comments on the earlier version which I think I incorporated.

I'm out tomorrow and Wednesday.

Just checking in on the Exide one-pager. I leave the office at 4:30pm and hope to send today, but if not by then, perhaps first thing tomorrow morning. Thanks.

**Subject:** RE: Please Review One-Pagers for Upcoming Administrator Meeting with Los Angeles County Supervisor Hilda Solis

Hi, Brent, I shared the write I got from you on Friday with SFD folks and Enrique wanted to add some additional info. Tom H. also made some edits and I am just now adding info about the blood lead study.

We should have something for you soon and certainly before close of business East Coast time.

I know there are a lot of finger in the Exide pie so to speak : ) but in future, please let me know when things like this come through and I'll do my best to coordinate. Thanks much.

Deldi

Deldi –

I need to submit the one-pagers today, so if you have any comments or suggested revisions to the one-pager on Exide, please let me know. Thanks.

**Subject:** Please Review One-Pagers for Upcoming Administrator Meeting with Los Angeles County Supervisor Hilda Solis

**Importance:** High

Deldi –

Thanks for your last message regarding Exide. Please see attached one-pager + on Exide and please feel free to edit/revise/add anything else you feel is important on the Exide issue. The information I have included in the attached paper on Exide came from a recent one-pager that Bill Keener drafted and sent for the recent Administrator budget hearings, but the one-pager should also include the latest funding approved by the Governor and perhaps the some update on the latest blood-level testing.

I am trying to finalize this submittal by **Monday, April 11<sup>th</sup>** to send on to OCIR. I also recall hearing that the Solis meeting was scheduled for April 21<sup>st</sup>, but your sources may have better knowledge on the specific date then I do.

**Importance:** High

Bill –

I am working with OCIR's Andrew Hanson on the preparation for a pre-brief for the upcoming Administrator's meeting with Los Angeles County Supervisor Hilda Solis. The lobbyist for the County of Los Angeles that has been reaching out to OCIR has identified four (4) topics that Supervisor Solis may raise with the Administrator and they include (1) Exide, (2) Porter Ranch, (3) Storm Water; (4) I-710 North Gap Closure EIS. Andrew has asked for me to send him our one-pagers by Monday, April 11<sup>th</sup>. I have heard that the meeting is scheduled for Thursday, April 21<sup>st</sup>, but that has not yet been confirmed by Andrew Hanson.

For preparing these materials for your review, I used the earlier briefing paper prepared for the Administrator for the budget hearings for the Exide write-up and Dan Meer sent me a write-up for Porter Ranch and David W. Smith sent me the write-up for Los Angeles County stormwater, and Connell Dunning sent me the write-ups for the I-710 EIS issues.

Please feel free to make any suggested edits or revisions to the attached file. Thanks.
